

VIDYA BHARATI SENIOR SECONDARY SCHOOL

Partnership Adjustments Unit Test

Class XII Accountancy

Time: 60 minutes • Maximum marks: 40 • Assessment type: Test

Instructions. Answer all questions. Show journal entries, ratios, and working notes clearly. Narration is required wherever applicable.

Question A • 8 marks

A and B share profits in the ratio 3:2. C is admitted for one-fifth share, acquired equally from A and B. Calculate the new ratio and sacrificing ratio.

Question B • 10 marks

Goodwill is valued at ₹1,20,000. Pass the adjustment entry when C brings only ₹18,000 as premium for goodwill.

Question C • 12 marks

Prepare the revaluation account from the following adjustments: stock appreciates by ₹8,000; machinery depreciates by ₹12,000; an unrecorded liability of ₹3,000 is recognised.

Question D • 10 marks

State two differences between fixed and fluctuating capital accounts, then record interest on capital of ₹6,000 and drawings of ₹4,500.
